ABOUT CCU

BEAUTIFUL AND CONVENIENT CAMPUS LIVING

Right next to Mt. Yang-Ming National Park, Chinese Culture University's (CCU's) main campus is known as one of the most beautiful campuses in Taiwan. The campus is dominated by Chinese Style buildings. With a short distance from metropolitan Taipei, it provides a scenic, healthy, and convenient study and living environment to its faculty, staff, and students.

DEGREE PROGRAMS FOR INTERNATIONAL STUDENTS

CCU has established a number of innovative and special departments that are met in almost all disciplines. With such an advantage, we have launched 1 Bachelor degree program, 15 master degree programs and 1 PH.D. degree program to offer courses completely taught in English, available for international students worldwide. The programs include disciplines in Business Administration, Banking and Finance, Accounting, International Tourism Management, International Trade, Information Management, Global Business, Journalism, Agricultural Biotechnology, Architecture and Urban Design, Digital Mechatronic Technology, English and American Literatures, Earth Sciences, Sport Coaching Science and China Study. The majority of faculties in these programs hold an advanced degree from abroad.

Therefore, they are capable of communicating with, and providing guidance for international students. International students will be provided with accommodations on campus—Dormitory. For graduate students, each room accommodates 2 to 6 students. Shared stay of international and local students will be arranged for cross-cultural experience, and easier adaptation to studying and living in Taiwan. In addition, student counseling and self-organized student assistance services will be available in the dormitory to ensure that international student service will be ready when needed.

LIFE AT CCU

HEALTH INSURANCE

According to Taiwanese government regulations, international students are required to have valid health insurance during their stay in Taiwan. Alien residents who possess Alien Resident Certificates and have lived in Taiwan for more than four months are required to join Taiwan's National Health Insurance. For detailed information please check with the Bureau of National Health Insurance. Toll Free **Tel: 0800-030-598**

HOUSING

- **On-Campus Housing**
Male international students are assigned to Ta-Chung and Ta-Lun dorm; female international students are assigned to Ta-Ya dorm. If you need on-campus housing upon arrival at CCU, please check with the corresponding dorm for availability.
- **Off-Campus Housing**
If you prefer to live off-campus, please visit the Hwakang Living Web at <http://liveing.pccu.edu.tw> for more information. If you have any questions regarding student housing, please contact the Office of International and Mainland China Affairs at +886-2861-0511, ext.18205. International affairs Division.

Master's Program for International Students in CHINA STUDIES

Contact Email crrysm@staff.pccu.edu.tw

Features

This master program offered by Chinese Culture University is designed to provide graduates with tangible and combinative knowledge in terms of the diversity and complexity of China's transformation and its impact locally, regionally and globally. For international students, this program aims specifically to broaden their horizons and help them develop a unique portfolio of knowledge and research of contemporary China-related affairs with a global outlook.

In the last 50 years, it has been achieved through multi- and inter-disciplinary training in humanities and social sciences, such as in-depth understanding of Dr. Sun Yat-Sen's "Three Principles of the People", theories relating to globalization research and analysis, Cross-Strait Economic and Trade Relations and through training in comparative and advanced research methods in academic. By learning these, students in this program will not only have chance to enhance their understanding of their roles toward China and the whole world but also make them suitable for positions in government, research institutions, business, education, community organizations, media and other cultural institutions.

Program Structure

Each student in the Program must complete 36 credits, including all required courses and some elective courses. Besides, a written master thesis is required for the degree. A TOEFL score of 500 points or above is also required for graduation.

Master's Program for International Students in BIOTECHNOLOGY

Contact Email sywang@faculty.pccu.edu.tw

Features

Our goal is to train international graduate students with the theoretical knowledge and technical skills required by agricultural biotechnology. Students will be provided with information regarding developments in international agricultural biotechnology and have opportunities to learn from Taiwan's experiences.

Program Structure

Students in this program should either have taken an undergraduate level biochemistry course or complete a biochemistry course before his/her graduation. A special designed study plan equivalent to a biochemistry course can be arranged by the institute if the prerequisite course is not available in English. Each student in this program must complete 30 credits, including all required courses and some elective courses. Students must achieve TOFEL IBT score of 74 or above, or pass any equivalent exam before the thesis oral exam can be arranged. A written master thesis is required for the degree. Upon completing the English requirement, required courses and research project, students may apply for the thesis oral exam.

Master's Program for International Students in JOURNALISM

Contact Email crrmou@staff.pccu.edu.tw

Features

As one of the most prestigious journalism programs in the nation, we aim to provide high quality education across the full spectrum of journalism and mass communication. Our innovative curriculum emphasizes interdisciplinary studies in new media technologies, cross-cultural studies, integrated marketing communications, and communication in politics. Each field of emphasis has a diverse selection of courses. The primary objective of offering these courses is to cultivate students with professional knowledge and skills.

Program Structure

On the path to the master's degree, each student must complete 30 credit hours of study at graduate level, including 10 credit hours of core courses, and a minimum of 20 credit hours of elective courses.

English is the language of instruction in the international master's degree program offered by the Department of Journalism. After one year of study and upon the completion of all required courses, students are eligible to submit a thesis proposal. A five member committee shall be formed to evaluate the thesis proposal. After passing the thesis proposal evaluation, a student will be considered as a master's degree candidate, and begins thesis writing process officially. The thesis could be written in English or Mandarin Chinese, and must comply with the standard format issued by the university.

To graduate, students must achieve a TOEFL IBT score of 68 or above, or an equivalent score on a similar test.

Master's Program for International Students in ARCHITECTURE AND URBAN DESIGN

Contact Email mingcheu_chen@kcurban.com.tw

Features

To promote the education of international students, this course will be taught in English. We offer a total of 36 credits, which includes architecture and urban design, research methodology and thesis writing, critical urban culture reader, urban design, Chinese traditional landscape, modelling environment performance, sustainable environment design and planning. By providing this program, we intend to create a multi-directional and international environment.

Program Structure

To achieve the goal of creating higher level professional practitioners, this program offers various advanced courses.

Credits Needed to Graduate: 30

- Minimum credits for graduation: 30
- Master thesis or Ph.D. dissertation.
- At least 2 public presentations before graduation.

Master's Program for International Students in EARTH SCIENCES

Contact Email kaijie@staff.pccu.edu.tw

Features

The master program in Earth Sciences is the multidisciplinary gradate program of the College of Science. It allows students to broaden their science background with courses from geography, geology, biology and meteorology. Most components have applied components getting students involved in field research within the confines of the individual course, and to address some of the most challenging interdisciplinary questions about the past, present and future state of the earth system.

Program Structure

The M.S. degree in Earth Sciences is a two-year program with thesis. Students are required to complete a minimum of 30 graduate credits in earth sciences and related courses. These courses have to be approved by the Graduate Affairs and Research Committee. Students must also maintain a minimum grade point average of 3.0.

The thesis must demonstrate the student's ability to formulate a research problem, to assemble and analyze relevant data, to draw appropriate conclusions, and to express findings clearly and concisely. It should be of publishable quality as judged by the advisory committee.

Master's Program for International Students in ENGLISH AND AMERICAN LITERATURES

Contact Email crrgel@staff.pccu.edu.tw

Features

The major focus is on English and American literature. However, this is supplemented by training in the practical use of English. In the first place this makes sense in terms of our graduates' most likely future jobs: many of them teach English in high schools or colleges, some become editors or translators of English-language materials, and some become employees in government institutions by passing the civil service examination. In the second place, insofar as practical English training includes training in various types of English writing (including journalistic and creative writing), this will benefit their research and publications in the fields of English and American literature.

Program Structure

The minimum required credits for the M.A. program are 30 in addition to the M.A. thesis. 8 of these credits are for required courses. Every semester, each graduate student should take courses amounting to a total of 2 to 12 credits.

A TOFEL IBT score of 74 or above, or a passing grade on any equivalent exam, e.g. the ToEIC 700, IELTS 5.5, etc., is also required for the M.A. degree.
