### **GENERAL INFORMATION NOTE**

#### **1. Background Information**

In October 2014, the Southeast Asian Ministers of Education through the SEAMEO Council has issued seven priority areas for SEAMEO to work together to improve the quality of education in Southeast Asia. **“Revitalizing Teacher Education”** is one of the priority areas in achieving quality education in the region. In order to fulfill this mandate, the SEAMEO Secretariat has embarked on a project titled, **“Pre-Service Student Teacher Exchange in Southeast Asia (SEA-Teacher Project)”**. The project aims to provide opportunity for pre-service student teachers from universities in Southeast Asia to do their practicum (teaching experiences) in schools in other countries in Southeast Asia. The objectives of the project are (1) to enable pre-service student teachers to develop their teaching skills and pedagogy, (2) to encourage the pre-service student teachers to practice their English skills and (3) to allow the pre-service student teachers to gain a broader regional and world view.

On 9 October 2015, eleven universities from Indonesia, Thailand and Vietnam met and signed an agreement for the exchange of pre-service student teacher, starting the 1<sup>st</sup> batch of pre-service student teacher exchange from 15 January – 16 February 2016 with a total of 22 students from Valaya Alongkorn Rajabhat University Under the Royal Patronage (VRU), Pathumthani, Thailand (10 students) and Universitas Negeri Makassar (UNM), Indonesia (12 students). The 2<sup>nd</sup> batch was conducted during 17 July – 15 August 2016. There were 17 universities from Indonesia, Philippines and Thailand participated in the 2<sup>nd</sup> batch with a total of 101 students exchanged.

The exchange aims for student whose major are in math, science, English and pre-school. The duration is for one month and based on the mechanism of cost sharing basis. Students' roles and responsibilities are assigned weekly during the one month period. Moreover, the host universities are responsible for providing mentors to supervise and monitor the students throughout the practicum period.

It was agreed that after the exchange, an evaluation meeting will be held to discuss on the lesson learned for improvement of the next batch of pre-service student teacher exchange. The 1<sup>st</sup> evaluation meeting was held in February 2015, organized by Valaya Alongkorn Rajabhat University Under the Royal Patronage (VRU), Pathumthani, Thailand and SEAMEO Secretariat. The 2<sup>nd</sup> Evaluation Meeting will be held from 8-9 October 2016 in Yogyakarta, Indonesia
